LEASETEAM WELCOMES ERVIN EQUIPMENT FINANCE AS A NEW ASPIRE™ CUSTOMER

OMAHA, Neb., (January 21, 2014) – LeaseTeam is happy to announce Ervin Equipment Finance has selected ASPIRE as their lease/loan management solution.

Ervin was recently acquired by Bank of Ann Arbor. This partnership has positioned Ervin Equipment Finance for tremendous growth, both organically and with the potential to acquire additional portfolios. In anticipation of this growth, Ervin needed a lease/loan management solution that could easily and efficiently facilitate their growing business.

According to Tom Conzelmann, CFO of Ervin Equipment Finance, “In today’s marketplace, it is more important than ever to be nimble, which made selecting ASPIRE as our lease/loan management solution an easy choice. It was clear that ASPIRE’s open architecture and ease of configurability would position us to handle future growth and that ASPIRE provided the features needed to continue our mission of providing the highest quality of service.”

Ellen Mueterthies, COO of Ervin Equipment Finance, added, “We were looking for a system that would help us process our transactions more efficiently and effectively, and we believe we have found that with ASPIRE’s process flow functionality.”

“It’s an exciting time for Ervin Equipment Finance and we’re confident ASPIRE will play a part in their future success. Implementing a true end-to-end solution will provide visibility into the lifecycle of their transactions, which will be instrumental in helping them develop efficient workflows and provide top-notch customer service. Also, being able to offer services like a customer portal and intuitive reporting will enhance their customers’ experience,” said Jeff Van Slyke, vice president of business development at LeaseTeam.
