MACROLEASE SELECTS LEASETEAM'S ASPIRE FOR EFFICIENCY UPGRADE

OMAHA, Neb., (August 17, 2016) LeaseTeam, the trusted leader in lease and loan management solutions for the equipment finance industry, is pleased to announce that Macrolease has selected ASPIRE™ as its end-to-end lease and loan management system.

Previously working from separate front-end and back-end systems, Macrolease will be upgrading to LeaseTeam's ASPIRE because of its ability to provide a complete transaction lifecycle management experience that can integrate its business partners and vendors, enhance transparency, and improve efficiency in their business operations.

"ASPIRE will enable us to streamline our operations using one data base," said Anne Rainone, vice president and accounting director at Macrolease. "Our goal is to become a paperless office, so we are very excited about ASPIRE's electronic signature capabilities and the ability to email invoices. We are also looking forward to using ASPIRE's credit functionality. It will allow us to easily see our outstanding ARs, by relationship, so we can make better credit decisions."

"We're excited to partner with Macrolease to provide the technology they need to support their forward-thinking business strategy." said Jeff Van Slyke, president at LeaseTeam. "As the equipment finance industry continues to grow and evolve, its important as a technology provider to be able to help our customers conduct business in a better and more efficient manner."

About Macrolease

Macrolease Corporation is a national, bank-owned, equipment finance company specializing in the fitness, franchise and healthcare industries. Macrolease also provides commercial financing for businesses operating in a wide variety of other markets including schools, building complexes, hotels and many others.
