ASPIRE GENERATES EXCITEMENT AT LEASETEAM USERS CONFERENCE

OMAHA, Neb., (July 11, 2012) – LeaseTeam Inc., the premier solution provider in the equipment and finance marketplace, is pleased to announce that their annual User Conference, held in downtown Omaha from June 11 – 12 was a big hit.

A large part of the conference was focused on LeaseTeam’s ASPIRE product. The attendees were treated to a firsthand look at the benefits ASPIRE brings and the opportunities it opens up for them.

“We’ve been learning about the ASPIRE product road map for a while now. It’s very exciting to see the product and what it has to offer. It was also nice to discuss our upgrade plans,” John Aguis, vice president and executive IT manager at BankUnited.

Another topic of interest was LeaseTeam’s hosting environment. “With the growing interest in hosted environments and cloud computing, LeaseTeam has, and will continue to, make significant investments in our hosted offering,” said Dan Powers, director of technical services at LeaseTeam.

The attendees rated the event as excellent and stated they would definitely recommend attending the conference again. Attendees appreciated the chance to get updates, industry information, education and the ability to meet one-on-one with LeaseTeam professionals. They also appreciated the opportunity to provide input and feedback on future functionality as it relates to their individual business needs.

“The face-to-face time with our clients is invaluable to us. During the conference, we learn a lot about the challenges our customers are facing, the direction their businesses is heading and how our product can help them achieve their goals,” Randy Haug, senior vice president and co-founder of LeaseTeam, said.
