PARTNER COLLABORATION EFFORTS TO TAKE LEAD AT LEASETEAM'S ANNUAL USERS' CONFERENCE

OMAHA, Neb., (June 01, 2016) – LeaseTeam, Inc., the premier solution provider in the equipment and finance marketplace, will soon hold its annual Users' Conference in downtown Omaha, Neb. The event is open to LeaseTeam clients and prospective business partners alike, and will feature updates to LeaseTeam's leading equipment financing software, ASPIRE, as well as reinforce the Company's pledge to building partnerships and providing customers with the best possible experience.

During the three-day event, attendees are invited to join interactive sessions relating to the ASPIRE platform and its functionality, as well as participate in roundtable discussions following each session. The roundtable discussions give attendees the opportunity to not only provide targeted, session-specific feedback, but also offer input on future LeaseTeam functionality as it relates to their individual businesses.

Additionally, Frank Swann, Vice President of Business Solutions with ENGS Commercial Finance, will be the opening speaker for the conference. ENGS Commercial Finance, a longtime partner of LeaseTeam, Inc., has provided financial solutions to the trucking and transportation industry since 1952. As the nation's oldest and largest independent truck and trailer lender, ENGS has provided more than \$1 Billion in financing to manufacturers, dealers, fleets, and owner-operators in its 60+ year history. They have also been recognized by the Monitor, a leading trade publication in the Commercial Finance Industry, as a "Top 10 Private Independent" company.

"One of the most important and foundational things we do as a company is our Annual User's Conference," said Randy Haug, co-founder and executive vice president at LeaseTeam. "This meeting of mutual 'thought leaders' is really a forum built upon learning and excellence. The conference is designed within a framework of idea sharing, best practices, and open, candid communication with the key goal being collaboration and helping our customers grow. Most importantly listening to what our clients and the market needs to create more adaptable functionality in our products and how we serve and support our client partners."

About LeaseTeam, Inc.

LeaseTeam, Inc. is a market-leading software and business solutions company serving over 250 financial organizations throughout North America and the United Kingdom. With over 25 years of experience and

expertise in the equipment finance and leasing industry, its innovative technologies continue to streamline lease and loan processing for users. LeaseTeam's ASPIRE™, an end-to-end lease and loan management platform, allows businesses to stop talking about front- and back-end processes, and start talking about managing the total transaction lifecycle—from a single system. For more information about LeaseTeam or ASPIRE, call (800) 531-5086 or visit www.LeaseTeam.com.
