LTi Technology Solutions Announces Executive Leadership Formation

OMAHA, Neb., (July 30, 2018) – LTi Technology Solutions has announced plans to leverage industry talent and strength to capitalize on strategic market opportunities. Organizational changes, including a realignment of the senior leadership structure under Jeff Van Slyke, LTi’s President and Chief Executive Officer, reflect the company’s focus on its growth objectives.

As part of its ongoing efforts to enhance operational efficiency, Bill Weeks has been appointed to the position of Senior Vice President and Chief Operating Officer. With over 20 years of experience in the finance industry, Mr. Weeks is a seasoned executive bringing valuable industry knowledge to the organization. Bill has served as Senior Vice President and Chief Information Officer at SquareTwo Financial, where he was integral in steering the company’s technology objectives, as well as Senior Vice President and Chief Information Officer at Key Equipment Finance (KEF). Bill’s contributions to the organization while at KEF helped the business to become the engaged partner it is today. He is a recognized leader in his field and has received many awards for his talents from various publications, including the Denver Business Journal’s *CIO of the Year* (2013) and CIO Magazine’s *CIO 100 Award* (2012 & 2015). Bill will be responsible for internal and external customer delivery as well as assuring continued product excellence.

LTi has also announced that Bryan Hunt, Vice President of Sales & Marketing, has been promoted to Senior Vice President and Chief Revenue Officer. Bryan has been with LTi since 2006, and has made great contributions to the growth of the business. Bryan will be responsible for market penetration and revenue optimization.

Philip Rieck, Vice President of Research & Development, has also been promoted to Senior Vice President and Chief Technology Officer. With two decades of experience in software development, Philip’s expertise will guide product eminence and architectural quality.
