### **Class 8 Funding Drives Business Forward with ASPIRE Platform**

**OMAHA, Neb., (April 20, 2020)** – LTI Technology Solutions (LTI), a leading provider in equipment finance software solutions, is excited to announce a partnership with Class 8 Funding with the implementation of the ASPIRE platform into their business. Continuing its mission of leveraging the latest technology to provide exceptional customer service and streamlined results, Class 8 Funding will be able to further provide top-notch financial services to small to medium sized fleets with the ASPIRE platform.

Class 8 Funding's mission is to provide exceptional customer service and financing solutions that will help its customers achieve success. By building a reputation on listening and being a true partner to their customers, Class 8 was driven to move forward with the ASPIRE solution based on the easy integrations that the software has to offer. Dealers choose Class 8 because the docs are easy to use and they have fast, high levels of service. Built on a cloud-based ecosystem, ASPIRE gives Class 8 the flexibility to streamline their business operations with integrations from PayNet or credit decisioning into one repository. The easy integrations allow Class 8 to get the information they need quickly and make decisions rapidly to get deals turned for its customers.

Pat Walsh, President and CEO of Class 8 Funding expressed, "Our goal is to truly be a partner to our customers. We know that if our customers do not succeed, neither do we. We selected the flexibility of the ASPIRE platform to continue to make our higher levels of service a differentiator in the markets that we serve."

"Our relationship with Pat and the principals and team at Class 8 Funding span over 20 years from previous truck finance businesses that they have managed. They know the truck finance business inside and out and understand what makes them successful is not only their people but also the technology and service levels they provide to their customers. We are so proud Class 8 chose to partner with LTI, the industry's leading cloud-based solution to utilize the ASPIRE cloud-based platform," said LTI Executive Vice President and Co-Founder Randy Haug.

Randy further explains, "This new and innovative platform combined with the ASPIRE software provides Class 8 the significant advantage that they were looking to achieve long term in the markets they serve. LTI's deep expertise and extensive work with many top tier truck finance companies throughout North America give us an advantage in truly being a partner to Class 8 Funding.

LTI is a recognized innovative leader in providing software solutions and a service provider for the unique functional requirements that truck finance businesses need to compete and win in the markets they serve. At the end of the day, our relationship with Class 8 Funding works

because we are a proven partner in their success. They are very active participants and partners in building knowledge of what we are doing today and into the future with our solutions. Both sides are continually investing and that creates for a successful partnership.”

### **About Class 8 Funding**

Class 8 Funding is a truck finance company headquartered in Oconomowoc, WI. In 2019, Class 8 Funding was founded by entrepreneurs with a mission to provide personal and professional customer service while promoting sound business practices and offering financing alternatives that help our customers and their business achieve short- and long-term success. We are a group of professionals with combined experience in the transportation industry in excess of over 100 years, who have come together in this new venture. We view ourselves as partners with our customers to achieve mutual success – when you succeed, we succeed! Over the years, we have helped many owner operators and small to medium sized fleets to grow their business, attain better cash flow, and build equity.
