**LTI Technology Solutions Sponsors 3rd AFPA Trust Cycle Ride**

**25 May 2021** – LTI Technology Solutions (LTI), a charter member in the industry, providing a lease and loan cloud platform to equipment and asset-based finance companies, is excited to announce today that it is sponsoring and organising the 3rd annual AFPA Trust Cycle Ride.

Registration for the LTI Technology Solutions sponsored AFPA Trust Cycle Ride is open for signup. The event will take place on Tuesday, 29th June 2021. The 50/60-mile route is perfect for any rider level with two achievable climbs.

The ride has just two goals: raise money for charitable projects for our communities and celebrate the joy of road cycling. The route also has descents and plenty of beautiful green rolling countryside to enjoy during the ride including the Windmill from Chitty Chitty Bang Bang! The course map is based on the Marlow Red Kite 50 Mile Route. It will begin with a gentle climb out of Marlow and finishing at The Marlow Club Car Park.

Robert Taylor, UK Country Manager of LTI, said, “People come together when they ride. LTI is proud to be organising and sponsoring this event as it benefits the life-changing charitable causes that affect our communities deeply. The money will go a long way to supporting numerous communities across the UK. It’s wonderful that our industry is able to unite and give something back and we’re excited about the big day.”

Registration is available through the AFPA website: <https://www.afpatrust.com/events/>

**About AFPA**

AFPA was formed to support the UK Asset Finance and Leasing industry and those professionals who work within it. The AFPA vision is to give back (through our time, our experience, our thought leadership, mentoring and coaching) to all Asset Finance professionals, local communities and good causes. For more information, visit <https://www.afpatrust.com/about/>.

**About LTI Technology Solutions**

LTI Technology Solutions delivers a full lifecycle leasing and loan finance platform to equipment and asset-based finance companies, captives, small ticket, middle market, and independent banks throughout the U.S., UK, and Canada from our Omaha, NE, headquarters. Backed by comprehensive and flexible interfaces, our powerful technology solutions allow for improved efficiencies and decisioning. Our highly configurable platform, ASPIRE, empowers our customers to scale their business by streamlining the transaction lifecycle.
