

# ASPIRE Express

ASPIRE is a scalable, cloud-based, fully integrated solutions platform.

## The only servicing platform you will ever need

- Is an easy and affordable entry-level servicing solution
- Pre-configured to achieve rapid deployment
- Has no limit on number of contracts processed
- Ability to scale your business without changing platforms

**ASPIRE Express** is designed for small and startup organizations that require the ability to book and service lease and loan contracts quickly and will scale your business growth, affordably.

## What you can do with ASPIRE Express:

Book deals

In-life asset management

Approve and store all credit, on-boarding and deal documentation

Full sub-ledger accountancy

Book and service industry standard transactions

“Our collaboration with LTI is one of the best relationships we’ve ever had with a technology provider, and they deliver a world-class platform.”

- Adam Warner, President at Key Equipment Finance

# ASPIRE Express grows with you

No need to change or upgrade to a new system as you scale

ASPIRE Express scales with you as you need more functionality. No need to change systems as LTI offers three tiers; ASPIRE Express, ASPIRE Small Business and Enterprise editions. We are ready to support you at all stages of business growth, using the same system with additional functionality added when you need it.

## Implementation Period: 5 weeks estimated/average

- 1 week for system preparation/stand-up
- 4 weeks for product familiarization, training, testing

## LTI IS CONSISTENTLY THE TOP CHOICE FOR MONITOR-RANKED COMPANIES.
