## **Triangle Equipment Finance Goes Live with LTI's ASPIRE Express**

**Dec 6, 2023** – LTI Technology Solutions (LTI), providing a lease and loan cloud platform to equipment finance companies, is excited to announce that Triangle Equipment Finance is live on LTI's ASPIRE Express platform. Triangle was in the search of a software provider that would add value as a business partner and had a good understanding of their business bringing a consultative approach to achieving their goals and solving technology issues.

Triangle Equipment Finance identified the need of moving to an industry leading software and quickly determined that LTI's ASPIRE Express platform was the solution for them. With a quick deployment, ASPIRE Express will help Triangle scale their business to hit their goals and beyond. With this partnership, LTI's ASPIRE Express will provide efficient tracking of equipment as well as easily and productively allow them to manage the servicing of their portfolio. This includes customized invoice templates which will ultimately eliminate manual work. With ASPIRE Express allowing them to grow, Triangle will be able to push additional volume without adding additional headcount.

Michael Gallina, President of Triangle Equipment Finance, said "Our conversion required us to migrate data from 3 separate systems. The LTI team dove in and managed the process extremely thoroughly and professionally. We're extremely excited to see how using ASPIRE is going to help take our company to the next level".

Randy Haug, EVP and Co-Founder at LTI, said "It has been a pleasure to work with everyone at Triangle Equipment Finance. We have added functionality that was required and will continue to provide more automation and features as needed as Triangle grows. Overall, ASPIRE provides a technology platform for Triangle's current needs and future growth".

### **About Triangle Equipment Finance, LLC**

Triangle Equipment Finance, LLC. is a specialist in truck, trailer, and transportation equipment financing. We are not a broker - we are a direct funding source. We specialize in financing for companies who have difficulty obtaining credit from banks or traditional financing sources, are start-up businesses or are a short time business, have less than perfect credit history, flexible solutions, and structured deals are our specialty!
