**LTI Technology Solutions Promotes Ryan Ledden to VP of Deployment Operations**

**January 16, 2024** – LTI Technology Solutions (LTI), a charter member in the industry, providing a lease and loan cloud platform to equipment finance companies, is excited to announce that Ryan Ledden has been promoted to Vice President of Deployment Operations. Ryan will lead our Release Management, Business Analysts, Client Services and PMO teams. He will be responsible for maintaining quality standards in system deployments and product releases.

Ryan joined LTI in 2014 and has spent the majority of his career in the equipment finance and financial services industry, gaining experiences in areas such as software implementation, sales, customer service, and operations. He earned the Certified Lease and Finance Professional (CLFP) designation in 2020 and continually promotes educational opportunities in the equipment finance industry.

“Ryan has shown a strong ability to execute, lead and provide results both in his time deploying systems and most recently in his time as Director of Release Management,” said Jeff Van Slyke, President and Chief Executive Officer of LTI. “I am excited to see the excellent results that Ryan will continue to achieve and the benefits the company will see in his new role at LTI!”

“I have been very fortunate to work in both operations and development roles during my time at LTI which has given me a holistic understanding of how we continue to create value for our customers,” said Ryan Ledden, Vice President of Deployment Operations. “I look forward to bringing those experiences to this role for our client partners and working with them for their continued success.”

**About LTI Technology Solutions**

LTI Technology Solutions delivers a full lifecycle leasing and loan finance platform to equipment finance companies, captives, small ticket, middle market, and independent banks throughout the U.S., UK, and Canada from our Omaha, NE, headquarters. Backed by comprehensive and flexible interfaces, our powerful technology solutions allow for improved efficiencies and decisioning. Our highly configurable platform, ASPIRE, empowers our clients to scale their business by streamlining the transaction lifecycle.
