**LTI Technology Solutions Announces  
Inaugural UK International User Conference For 2026**

[London, UK, 17 February, 2026] – [LTI Technology Solutions \(LTI\)](#), a global leader in asset finance software for more than 35 years, today announced the launch of its Inaugural International Conference, taking place 21 May 2026 in London at the [Hilton Paddington](#). Building on the momentum and industry acclaim of LTI’s US-based customer-forums, the London event expands LTI’s user community experience to serve a growing UK customer base and the market’s accelerating demand for modern, scalable, and compliant asset finance operations.

“Our International User Conference is a direct response to the momentum we’re seeing in the UK market” said [Jeff Van Slyke](#), President and CEO of [LTI Technology Solutions](#). “It’s designed to be a practical, collaborative, high-value experience, so customers leave with clear direction, stronger connections, and actionable ways to immediately drive more efficiency from the platform.”

**Learning, connection, and momentum**

Built around LTI’s strategic framework: Precision. Performance. Partnership, this focused London event is designed to help our International asset finance and leasing teams do three things exceptionally well: work smarter, scale faster, and improve business results with:

- **Practical performance you can apply immediately.** Proven workflows, best practices, and real-world strategies to increase throughput, strengthen execution, and improve lifecycle visibility.
- **Early insight into ASPIRE innovation and product roadmap.** First-hand updates on new functionality, platform enhancements, and upcoming initiatives, to help align internal priorities, planning cycles, and process improvements.
- **Direct Access to Experts.** Face-to-face with leadership, product specialists, and customer success professionals who build, support, and continuously improve the platform.
- **Strategic Partnership Collaboration.** Connect with trusted partners offering complementary products and services that expand your options and support growth.
- **Market intelligence + Peer Networking.** Perspectives on market trends and projections, plus high-value networking with UK asset finance executives, operators, and peers.

## Who Should Attend

The conference is purpose-built for professionals responsible for performance, scalability, and execution across the asset finance lifecycle, including:

- Executives in asset finance and portfolio leaders
- Operations and compliance leaders
- Product owners and IT/technology strategists
- Teams focused on leasing lifecycle automation and digital transformation
