LEASETEAM, INC. ANNOUNCES 40TH GO-LIVE

OMAHA, Neb., (March 19, 2013) – LeaseTeam, Inc., the premier end-to-end software solution provider to the equipment finance industry, is pleased to announce that Susquehanna Commercial Finance Inc. has gone live with ASPIRE, becoming LeaseTeam’s 40th successful ASPIRE install.

Susquehanna has enjoyed consecutive year-over-year double digit growth through an enhanced focus on its direct origination channel. This growth created a need for a system that would support precision timing, faster turn-around and efficiency in processes to facilitate overall faster response times.

According to Jeff Nicholas, chief risk officer at Susquehanna, “ASPIRE’s ability to flexibly manage a transaction through its origination lifecycle was very important in creating the consistency and efficiencies we needed to grow our business. In fact, I would estimate by using ASPIRE, we have cut down our processing time by 33 percent. We have also been pleased with LeaseTeam’s support/services and the fact they continue to be engaged as we evolve our use of ASPIRE.”

“We are excited to have Susquehanna live on ASPIRE. Susquehanna is experiencing tremendous growth, and we are confident ASPIRE will complement their current growth and facilitate the improvement in processes they need to profitably achieve their strategic objectives. We are very happy for Susquehanna’s success and we are thrilled to be a part of it,” Jeff Van Slyke, vice president of business development and strategy at LeaseTeam.
