SATELLITE FINANCE LIMITED GOES LIVE WITH ASPIRE™, EXPANDING LEASETEAM'S UK PRESENCE

OMAHA, Neb., (June 17, 2015) – LeaseTeam, Inc., the premier solution provider in the equipment and finance marketplace, is pleased to announce that Satellite Finance Limited, one of the fastest growing sales-aid leasing finance brokerages in the U.K., has gone live with ASPIRE. The installation marks LeaseTeam's second U.K. customer to be live with the ASPIRE platform.

Satellite selected ASPIRE because of its ability to provide the functionality they required today, as well as the full end-to-end capabilities that the business will need in the future, all from a single system. The configurability of ASPIRE ensures the system will evolve and grow as the business does.

"We wanted a supplier who would develop a relationship with us, treat us as a partner, and of course, deliver a leading class solution," said Sam McShane of Satellite Finance Limited.

"Satellite had a tight timeline for getting ASPIRE into production, which led to an aggressive implementation schedule," said Brent Walmsley, U.K. business development leader at LeaseTeam Solutions LTD., a U.K.-based division of LeaseTeam. "We [LeaseTeam] were able to put people onsite to work closely with Satellite and turn their project around quickly and efficiently, meeting their objectives."
