**LeaseTeam Announces Rebrand at the 2018 Conference**

**OMAHA, Neb. (August 15, 2018)** – After nearly three decades of service to the equipment and asset finance industry, it was announced during LeaseTeam’s 2018 user conference that the company would be changing its name to LTi Technology Solutions. The announcement was made during Wednesday morning’s general session, led by President Jeff Van Slyke, and Co-Founder Randy Haug.

*Jeff Van Slyke, President of LTi Technology Solutions, said:*

“For almost 30 years we have been a technology partner and solution-provider to the finance industry. We believe that LTi Technology Solutions more accurately reflects our business and the services we offer.

“Throughout the years, we have often referred to our company as LTi, so rebranding to LTi Technology Solutions will allow us to maintain the reputation and relationships we’ve carefully crafted throughout the years while extending our reach to those not yet familiar with what we do.

“Our number one priority is continuing to serve our robust install base of 238 loyal customers. The ‘LT’ in ‘LTi’ ensures that we will always remain LeaseTeam at heart.”

LTi Technology Solutions, formerly LeaseTeam, opened its doors in Downtown Omaha in 1989 with six employees led by Co-Founders Russ Hallberg and Randy Haug. After beginning with an early mid-range computer solution, the company successfully launched the first Windows-based application for the equipment finance industry in 1992.

Today, they continue to deliver software and services to equipment and asset finance companies from their US and UK Offices. They were named to the Inc. 5000 list of fastest growing private companies in

America from 2015-2017, and were honored by the Greater Omaha Chamber of Commerce with the “2018 Business Excellence Award in Innovation.”

**About LTI Technology Solutions**

Headquartered in Omaha Nebraska LTI Technology Solutions, formerly LeaseTeam, Inc., delivers innovative software solutions to equipment finance companies throughout North America and the UK from our various offices.
